

**Yakima River / Hanford Reach
Salmon Reports and Ringold Steelhead Reports**

October 1-13, 2013

Hanford Reach Steelhead Fishery Summary

Relatively few boats targeted steelhead in this area this past week. WDFW staff interviewed 245 anglers most of which were fishing primarily for salmon. Only 10 of the 582 boats sampled were fishing for steelhead. A total of 90 steelhead were caught with 38 hatchery steelhead harvested. The majority of the fish were only adipose clipped or not clipped and had to be released.
